

POSITRUTH

*I am an eternal being, filled with an infinite capacity.
My ability to invent is boundless. My desire to invent is
absolute.*

*Invention is creation. Creation is the source of all things. I
possess the power of creation, the ability to bring my ideas into
existence.*

*Nothing can stand in my path as I create the life that I desire. I
invent every needful thing by gratefully receiving the building
blocks of my creation from the universe around me. This
thanksgiving brings me closer to perfection.*

My invention is the vehicle which moves me forward.

*My mind is open and flexible. Ideas flow in, and power flows to
my body to manifest the mind's inventions in the world. The
works that I produce are helpful, useful, beautiful, and enduring.*
